Our strength is sourcing... globally

Global Clinical Drug Sourcing

Experience is strength. In the highly specialized field of drug sourcing for clinical studies, AdiraMedica consistently focuses on high quality, competitive pricing and on-time deliveries.

Whether you need to source comparator drug products, rescue/concomitant medications or ancillary medical supplies, our goal is to provide our clients with the broadest range of options to meet their specific needs.

Our Strengths:

- Knowledge and understanding to manage every aspect of pharmaceutical and biopharmaceutical shipments including special requirements for cold chain shipments, biologics, hazardous materials and controlled substances
- Years of practical experience in sourcing and shipping throughout North America, Europe, South America, Southeast Asia and the Pacific Rim
- Ability to source single or multiple lots, innovator and generic equivalents and lots with the longest expiration dates
- Adherence to Current Good Manufacturing Practices (CGMP), Good Clinical Practices (GCP), International Conference on Harmonization (ICH) guidelines and industry best-practices
- Complete confidentiality for all of our clients
- Supporting documentation including pro-forma invoices, MSDSs, Certificates of Analysis (when available), package inserts and product specifications

Global API and Drug Product Sourcing

Strength in Sourcing™ is providing our clients with the broadest range of options to meet their specific sourcing requirements.

AdiraMedica works with a broad range of reliable manufacturers of active pharmaceutical ingredients (APIs), finished dosage forms, raw materials, intermediates and excipients.

How we can help:
